

### **KD sustainable seating program features:**

**Removal System:** Each part of the furniture can be removed and replaced if damaged or torn.

**Fabrics:** The 700 series offers a set of “**Earth Friendly**” fabrics that will be available for future color match in case a piece must be replaced.

**Replacement:** In order to be “**Eco-Friendly**” we have a replacement program to provide quick replacement pieces. All one needs to do is to remove the new piece from the box and put the replaced part in the box. Use the return label to ship it directly back to our plant for a 15% discount on the replacement piece.

### **What Else Should I Know?**

The system uses an “Easy-Grip” knob that allows for ease in removal. The Velcro® bottom allows for effortless access to the knobs. Once the knobs have been removed, just align the “replacement” piece with the t-nut holes and screw the knobs tightly back into place. Replace the Velcro® black-bottom and enjoy your “Just Like New” piece of furniture.

Cushions are also replaceable and reversible. We use “Bio-Flex” – “Green” foam. Cushions offer a sateen band sewn in with the zipper to allow Cryptons and Vinyls to breath.

This user-friendly system allows you to replace pieces that have been damaged. Below is a back that was damaged by an iron placed on the inside back of the furniture.

1. Call D & D Furniture and let us know the style of the KD 700 Series that you have. Identify the color and style of the fabric or simply give us your customer name and we'll do the research.
2. D & D will quick-ship the replacement part to the customer.
3. Place the damaged part into the box that you received the new piece in and ship it back to D & D Furniture for a 15% discount on your replacement piece.

4. If replacing the back, replace by lifting the cambric cover and removing the "Easy Grip" knobs. The pictures below show both the back and arm removed.

An inside view of the "Easy Grip" knobs are shown above (right).

**It is that simple to replace a piece. The KD 700 is perfect for college dorms, hotels, and healthcare facilities.**

This group can be offered with rolled arms or flared arms. New arms can be ordered to change the appearance of the furniture. This series has a top to bottom structural warranty of five years.
